NAICS Code

The instructions to the approved form will indicate whether the North American Industry Classification System (NAICS) business activity code is required. The NAICS code is a 2 to 6 digit number based on the main activity of your corporation or other entity. You must select the primary code that best describes the main activity of your corporation or other entity. For example, a code for providing community services could be “812117 – community outreach”. This information is collected for administrative purposes for corporations and may be shared with other government bodies for the purpose of administering their programs under the authority of the Business Regulation Reform Act, 1994; it does not appear on the public record. However, the NAICS code is also required under the Business Names Act and Limited Partnerships Act, in which case the NAICS code does appear on the public record.

To view a complete list of NAICS codes please visit Statistic Canada’s website at: <https://www150.statcan.gc.ca/n1/en/catalogue/12-501-X>

The applicable form will indicate whether the NAICS code is required.
