- Active
- Inactive

3. Select **Save**. Once the change is saved, the inactivated user receives a notification that their information has been updated.

Note: A minimum of one contact is required.

Updating the tax compliance verification (TCV)

Applicable organizations are required to confirm their good standing with tax laws and attest to good standing with labour and environment laws in order to receive transfer payment funding from the Province of Ontario (the Province).

Confirmation of good standing will be shown through the completion of the attestation and the separate tax compliance verification (TCV), which will both be considered before funds are provided. The attestation can be completed when updating your organization's information. Completion of the attestation can be done at any time and requires the organization to input information from a completed TCV check.

This attestation and TCV must be submitted if the following apply:

- If your organization received cumulative transfer payment funding of \$10 million or above from the Province in the previous fiscal year or is entering into a transfer payment agreement with a contract value of \$10 million or above; and
- Prior to entering into a net-new agreement, an existing agreement that is being renewed or an existing agreement that is being amended to include new time-limited discretionary funding.

The attestation can also be submitted on a voluntary basis. If you are unsure if you need to complete this attestation, check with your ministry funder for more information.

Your organization is only required to submit this to the Province once prior to entering into a new transfer payment agreement, renewing an agreement or amending an agreement to receive new discretionary funding; and the attestation is valid one year from the date of submission. That means, if you had submitted an attestation a year ago, you will only need to re-submit (after the previous attestation has expired) if you intend to enter into another transfer payment agreement with the Province (new, renewed, or amended).

If you enter into a multi-year transfer payment agreement with the Province, you will only need to submit the attestation once, before the agreement is established. Check with the ministry with which you are entering into a transfer payment agreement for more information regarding whether this attestation is applicable to your situation. Organizations may choose to complete and submit this form voluntarily.

For steps and information on how to verify your tax compliance status, go to the [Check your tax compliance status](#) webpage.

1. Select the **Attestation & TCV** tab.

Attestation of Compliance and Tax Compliance Verification (Optional)

i Notification:

Please be advised that your organization's attestation is only valid for one-year. If your organization intends to enter into a new, renewed, or amended transfer payment agreement for new funding beyond this date, where an attestation and Tax Compliance Verification is required, please re-attest and ensure that your Tax Compliance Verification information is up-to-date. You may contact your funding ministry for further information and confirmation.
