This amendment is issued to temporarily alter the limits and restrictions on Annual Permits. It is applicable to all existing Annual Permits that authorize the movement of indivisible loads on trailers or being towed. - Overall Authorized Length for the Vehicle and Load is hereby revised to 32 metres (with the exception of mobile homes where maximum overall length is to be 29.25m) providing the overhang of the load past the centre of the rearmost axle does not exceed 4.65 metres.
- Notwithstanding any weight restrictions indicated elsewhere on the permit, the authorized weights (except for flatbed trailers) may be expanded to include the following weights for the various configurations as illustrated below. The appropriate Vehicle Configuration Number must be indicated in the application form.
