4. Supporting Documents – Additional Information

Nuans Name Search

When filing Articles of Revival, an Ontario-biased or weighted Nuans name search report is required if the corporation has been dissolved 10 years or more.

A Nuans name search report is not required if the corporation has been dissolved less than 10 years. If the corporation wishes to change its name upon revival, Articles of Amendment must be filed after the Articles of Revival are issued. A Nuans name search report will be required.

The Nuans report is a list of existing corporate and business names, as well as trademarks, that are the same or similar to the name being proposed. It is the applicant’s responsibility to check the search report for similar or identical names and to obtain any consent that may be required. Otherwise, this may result in a lawsuit or the corporation may be the subject of a hearing under the ONCA (see [Notice – ONCA – Incorporating a Not-for-Profit Corporation](#)). The Nuans report must be obtained from a private name search company. The Ministry does not provide this search.

Suppliers of Nuans reports may be found online at www.yellowpages.ca under the heading “Searchers of Records” or you may visit Innovation, Science and Economic Development Canada’s Nuans site at www.nuans.com for a list of registered search

houses that can assist you with obtaining a Nuans search report and filing your documents. A Canada (federal) biased Nuans name search is not acceptable.

The Nuans report cannot be dated more than 90 days prior to the filing of the articles. For example, articles received by the Ministry on November 28th could be supported by a Nuans name search report dated as early as August 30th, but not dated earlier.

You may wish to allow for additional time because if the Nuans report expires before the articles are endorsed, a valid Nuans report must be obtained to complete the filing.

The proposed name searched, the Nuans reference number and the date of the Nuans report must be filed, and the Ministry will retrieve the report directly.

Consents

Consents to Revival

Consents to the revival may be required from the Public Guardian and Trustee (PGT) under sections 26 or 33 of the Names and Filings Regulation made under ONCA, and from the following Ministers under section 33 of that regulation if any one of them has notified the Ministry of Government and Consumer Services that their consent are necessary: the Minister responsible for the Forfeited Corporate Property Act, 2015; the Minister responsible for the Environmental Protection Act; the Minister responsible for the Mining Act, except Part IV of that Act.

If you have questions, please contact ServiceOntario at 416-314-8880 or toll-free at 1-800-361-3223.

Consents to a Name

Consents to a name may be required under the ONCA and regulations.

The corporation is responsible for obtaining all necessary consents, retaining them at the registered office and providing them in accordance with any notice from the Director.

5. General information

Interested Person

Pursuant to subsection 170 (3) of the ONCA, an “interested person” (e.g. an officer, director or member of the corporation) may apply to revive a corporation that has been dissolved under subsection 170 (2) or a predecessor of it.

If you have questions, contact ServiceOntario at 416-314-8880 or toll-free at 1-800-361-3223.

Signature Requirements

The Articles of Revival must be signed by the interested person (i.e. the applicant). Set out the name of the signatory and their interest in the corporation (see Notice – Filing Methods and Requirements).

Single Name

If your legal name is a single name (where your culture has a tradition of single names) and you need to enter that single name on a form, please call ServiceOntario at 416-314-8880 or toll-free at 1-800-361-3223 for more information.

Time Limit for Revival

The ONCA does not permit an application to revive a corporation that is made more than 20 years after the date of the corporation's dissolution under the ONCA, or a predecessor of it, for default in compliance with a notice given due to: failure to comply with a filing requirement under the Corporations Information Act or failure to pay a fee under the ONCA.

Dissolutions where Revival is not Permitted

If the corporation voluntarily dissolved by filing Articles of Dissolution or was cancelled for cause by the Ministry of Government and Consumer Services, or if it is more than 20 years after the date of dissolution, the corporation may only be revived by a special act of the Legislature (private bill).

Required Statements

During the transaction you will be required to confirm the following required statements:

- Any outstanding notices and returns required to be filed by the corporation under the Corporations Information Act will be filed immediately upon revival.
- The consent of any required Minister and the Public Guardian and Trustee (if applicable) to the requested revival has been obtained.
- All other defaults of the corporation to the date of dissolution have been remedied and it is not more than 20 years after the date of dissolution.

Corporate Names not Permitted - Identical Names

Under the Names and Filings Regulation, the Ministry may require the name of a corporation to be changed to a number name if the name is not permitted. For example, if the corporation has been dissolved 10 years or more, and the name of the dissolved corporation is identical to the name or former name of another corporation, the dissolved corporation will not be permitted to revive with that name, and a number name will be assigned. To change the name after a Certificate of Revival is issued, the corporation may file Articles of Amendment.

Requirements After Revival

- The corporation must ensure it complies with the requirements of the Corporations Information Act by filing a Notice of Change to report changes to officer or director information, registered office address and administrative information (e.g. official email address for the corporation and North American Industry Classification System (NAICS) business activity code). For more information, see Notice – CIA – Filing an Initial Return and Notice of Change – Ontario Corporations.
- If the corporation held property at the time of dissolution, please refer to subsections 270 (3.1) and (3.2) of the ONCA, the Forfeited Corporate Property Act, 2015 and the Escheats Act, 2015 for information.
