

Only complete this form if you have previously blocked your health care providers from accessing your drug and pharmacy service information, and wish to change that decision. If you complete this form, you will allow your health care providers to access drug and pharmacy service information about you for the purpose of providing health care to you.

Background

The Ministry of Health ("ministry") is providing access to information about the publicly funded drugs, monitored drugs or pharmacy services you receive, to your health care providers (e.g. physicians, nurse practitioners and pharmacists) who are directly involved with your care. This is so that they have more information about your medication and pharmacy service history to provide high quality health care to you.

Decision to Unblock Access

By signing this form you have decided to unblock your health care providers' access to the above information.

Changing Your Decision in the Future

If, in the future, you wish to block your health care providers from accessing the above information, you may do so by submitting a signed 'Blocking Access to Your Drug and Pharmacy Service Information' form to the ministry.

1. Applicant Information

Complete the following information. If hand-filling, please print using a black or blue ballpoint pen. **Once completed, please return the form to the address at the end of the form.**

Fields marked with an asterisk (*) are mandatory.

Last Name *		First Name *		Middle Initial
