

**Rate Reduction Application in
Long-Term Care****Document List Required for Assessment
of Resident Eligibility****Only to be used by Residents Applying for a Rate Reduction Without a Notice of Assessment**

- As a resident of a LTC home, you are required to pay a co-payment for your accommodation. This requirement is set out in the *Long-Term Care Homes Act, 2007* (the Act).
- The Rate Reduction Program is intended to provide a reduction in the co-payment amount you are required to pay based on your available income. Only residents residing in basic accommodation may apply for a reduction in the co-payment amount.
- Before you can apply for a rate reduction you need to apply for other income support and benefit programs available through the federal, provincial and municipal government.
- In order to fairly assess your application for a reduction in the co-payment, otherwise known as a “rate reduction”, it is important that you report all income available to you.
- As a resident applying for rate reduction you are required to have a Notice of Assessment unless you have been residing in a long-term care home for less than or equal to a year. Only fill in this form if you do not have a Notice of Assessment and have been residing in a long-term care home for less than or equal to a year. You will also be required to report all the income sources available to you.
- This supporting document list will help you determine whether you have the required documentation to apply for a rate reduction. The documentation required will be used to assess:
 - Your eligibility based on whether you have accessed all available income; and
 - Your rate reduction based on the income available to you.

Instructions

- Please complete this document by checking “Yes” or “No” for the income sources you are receiving and whether you have the supporting documents required.
- Please ensure you submit this form and all your documents to staff in your LTC Home when you bring in your completed and signed Rate Reduction Application Form.
- Note: This list is for guidance only. Based on your unique circumstances you may be required to provide additional documents. The home processing your application may ask you for additional information and documentation in order to complete a Rate Reduction Application.

Step 1: Check if you are required to have Notice of Assessment and prepare your Notice of Assessment Document

All residents are required to have a Notice of Assessment (NOA). This is the document Canada Revenue Agency sends back to you after you have filed your tax return along with your refund cheque or statement of balance owing.

- There is an exception to the requirement for a Notice of Assessment for residents who have been residing in a long-term care home for less than or equal to a year.
- **This document list does not require a Notice of Assessment.**

Step 2: Check which benefits I am required to apply for and prepare the required documents

You are required to access available benefits before you can apply for a rate reduction. Based on your age, Column A outlines which benefits you are expected to receive or apply for if you are not currently receiving them.

If you have applied for the benefit listed in Column A, based on your age, and have been denied or found ineligible you will be required to submit a copy of the document listed in Column B. This document will outline the decision regarding your eligibility for the benefit. This document will be required before your rate reduction application can be processed by a LTC home.

Column C and D will guide you through the process of determining whether you are ready to file your rate reduction application by answering some questions.
