

The Northern Health Travel Grant (NHTG) Program helps defray travel related expenses of eligible Northern Ontario residents seeking medical specialist services or procedures at a ministry funded health care facility (e.g. CAT scan). Ministry travel grants are based on the distance to the nearest medical specialist or ministry funded health care facility able to provide the required health care services without a delay that would compromise the patient's health.

Please note:

- Please consider **Telemedicine** instead of travel: Ontario Telemedicine Network (OTN) supports almost every clinical specialty and may be an alternative to having patients travel. The OTN referral form is available at www.otn.ca
- Ensure your most current name and address information have been provided to the Ministry of Health (MOH). Your name and address information, as registered with the MOH will be used for identity assurance purposes. If your address information provided on this application does not match your health number records, this application will be used to update your records.
- Patient must complete and submit a new, separate application for **each** round trip.
- Your NHTG application must be received by the MOH within twelve (12) months from the date of service.
- Requests for re-consideration / re-assessment of applications must be received within twelve (12) months from the date of payment, the date of grant denial or the date the claim is returned to a client.
- Tickets and/or itineraries for travel, showing who travelled, dates of travel, destination round trip and fare amount paid, must be provided for travel by air, bus or rail for patient and/or companion. Travel itineraries are acceptable if accumulated airline travel credits were used.

NOTE: The Northern Health Travel Grant (NHTG) program does not cover expenses for meals or taxi services. Do not submit these receipts as part of your application. Gas receipts should be kept for 12 months if we require proof of travel for audit purposes.

- If several patients / their companions travel together in the same car, only one travel grant will be paid per round trip.

Eligibility Criteria for a Patient Travel Grant - Patient must satisfy all of the following:

1. Must be a resident of Northern Ontario in the districts of Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Parry Sound, Rainy River, Sudbury, Thunder Bay or Timiskaming **and** be an OHIP-insured person on the date the service is provided.
2. Must be referred within Ontario or to Manitoba for specialist health care or health care facility-based procedures that are insured services under the *Health Insurance Act*.
3. Must have travelled at least 100 km (one way road distance) to obtain the required service from their area of residence to the location of the nearest medical specialist / health care facility referred to in Ontario or Manitoba.
4. Must be referred for specialty medical services. "Specialty medical services" means medical services rendered by the following:
 - **a medical specialist** who is certified by The Royal College of Physicians and Surgeons of Canada (RCPSC),
 - **a Winnipeg (Manitoba) physician** enrolled on the **Manitoba Health Specialist Register** and permitted to bill as a specialist,

 - **a general practitioner with a GP Focused Practice designation with the CPSO,**
 - **a non-specialist Dentist participating in the Cleft Lip/Palate Program or the Ontario Seniors Dental Care Program,**
 - **a ministry-funded health care facility.**

To verify a specialist's certification online, go to CPSO website (<https://www.cpso.on.ca>) and follow the instructions. Contact the NHTG Program to find out if a particular healthcare facility is considered a ministry-funded healthcare facility.

5. Must confirm that travel costs are not covered by another program/organization such as WSIB, NIHB (Non-Insured Health Benefits Program for eligible First Nations and Inuit people) or private insurance (e.g., third-party liability). Contact the NHTG Program for additional details.

Eligibility for Accommodation Allowance – A patient must meet all of the following criteria in order to be eligible for the accommodation allowance:

1. The patient meets the travel grant eligibility criteria set out above: number 1, 2, 3, 4, and 5.
2. The patient has submitted original accommodation receipts (e.g., official hotel/lodging receipts) to prove a lodging expense was incurred. For patients under 18 years of age, an accommodation/lodging receipt may be in the name of the parent/guardian.

For all NHTG applications with a Service Date of December 1, 2024 or later, Accommodation Allowance of \$175-\$1,150 is paid, based on the number of medically-necessary lodging nights declared by the provider in Section 6. For all applications with a Service Date prior to December 1, 2024, the Accommodation Allowance range is \$100 to \$550.

| Number of Nights | Service Dates before Dec. 1, 2024 | Service Dates on or after Dec. 1, 2024 |
