SENIORS COMMUNITY GRANT PROGRAM

1. INTRODUCTION

As Ontario's population ages, along with an increased life expectancy, we have the opportunity to improve the quality of life for older adults across the province.

Ensuring older Ontarians remain independent and engaged, and are able to live safely is a priority for Ontario.

Seniors Community Grants, ranging from \$1,000 up to \$25,000, help support community organizations' ability to provide opportunities for greater social inclusion, volunteerism and community engagement for older adults, from the safety of their homes or other safe environments.

As a result of projects funded by Seniors Community Grants, diverse and equity-seeking older adults will have better access to opportunities to stay active, healthy and engaged in their community. Organizations may be able to build capacity to continue to serve older Ontarians through new opportunities based on local needs and also create new partnerships to better serve those in their community after project funding end.

The Seniors Community Grant (SCG) Program funds local not-for-profit community groups and organizations to deliver projects, supports and resources that help older adults (aged 55+) live independently, ensure their safety and security, connect them to their community, avoid isolation and help them achieve greater financial security and social connections.

Since 2018, the ministry has invested over \$22 million in grants supporting over 1,200 grassroots projects that have helped seniors stay socially and physically active in their communities.

2. PROGRAM PRIORITIES

Building on the purpose and intent of the SCG program, the 2023-24 SCG Program will focus on the following three key priority areas:

1. **Increasing older adults' awareness of how to identify, report and prevent elder abuse and fraud.**

Project Example:

- Education sessions and programs that provide information to more older adults in local and diverse communities on how to recognize and report elder abuse and learn about financial security and fraud.

2. Reducing older adults' social isolation by increasing access to programs and services.

Project Example:

- Friendly visiting program that targets older adults in remote communities, and in-person programs to teach older adults how to use technology to stay in touch with friends and family and access on-line programs and services.

3. Increasing volunteerism and promoting employment and entrepreneurship among older adults.

Project Example:

- Intergenerational mentoring programs where older adults share their wealth of employment experience with younger generations.
- Delivering networking programs that promote small business opportunities and entrepreneurship for older adults.

Target Populations

Priority will be placed on projects that are responsive to the needs of a diverse older adult population with emphasis on projects that target older adults in underserved and equity-seeking populations, including older adults who:

- Are First Nations, Inuit, and Métis
- Live with disabilities
- Identify as 2SLGBTQQIA+
- Live in rural and remote areas
- Are Francophone
- Are racialized, newcomers or immigrants
- Are low incomes earners

You will receive additional points during the evaluation phase if your proposal targets one or more of these populations.

3. APPLICATION PERIOD

11. TERMS AND CONDITIONS OF FUNDING

Please read this section carefully and discuss the information in this section with anyone in your organization that will be involved with signing the agreement or managing the funding.

As part of the application process, you must sign the terms and conditions that are included in the application form.

The terms and conditions form a part of the legal agreement between the ministry and your organization, so it is important that all individuals who will be responsible for the funding and also the project read and understand these conditions before the application is submitted to the ministry.

The agreement is comprised of the program guidelines, the completed application, the terms and conditions, the ministry letter or letters confirming approval of funding and the approved amount of funding (which may be different from what was requested), and any additional terms and conditions which may be imposed by the Province in subsequent correspondence between the ministry and representatives of your organization. The ministry approval letter will identify the project completion date, the expiry date of the agreement, and the payment schedule.

It is recommended that the application, including the terms and conditions, be downloaded and shared electronically with anyone responsible for the project.

Organizations who are approved to receive funding will receive an email from the ministry to confirm approval of their application.

Agreement: By completing the application process and submitting an application, you will have agreed to and signed the terms and conditions, which form a part of the transfer payment agreement between your organization and the Province of Ontario.

Approved funding amount: Ministry staff will complete a final review of your application to ensure all expenses and activities listed are eligible for funding. If adjustments are required, ministry staff will contact you to discuss changes.

Changes, Amendments: You must inform the ministry (your Regional Development Advisor) in writing (i.e. email) of any proposed changes to the project, and changes must be reviewed and approved by ministry staff before making any of the changes. Where changes are required and have been approved, an amending agreement may be required.

Payment Process: Recipients will receive a funding confirmation letter that includes the approved grant amount and payment schedule, and a first payment will follow soon after.

Performance Measurement: During the funding year, you must provide a survey to your project participants asking questions related to the outcomes of your project. For example, “On a scale of 1 to 5, how satisfied were you with the activities you participated in?” The survey questions will be provided to you by your Regional Development Advisor to share with your project participants.

Reporting: When the project ends, you must submit a final report, which will be reviewed and reconciled against your actual expenditures, and a final payment may be made based on the reconciliation, or you will be required to return unspent funding within 30 days. Recipients may be required to provide the ministry with additional information regarding the success and sustainable impact of their project. Recipients will also be required to survey their participants to measure their level of satisfaction with funded programs and services.

Receipts: You are required to keep all receipts associated with the project for seven years after project completion, for ministry audit purposes. For public transparency and accountability purposes, soon after the end of the fiscal year as part of the final reporting process, a sampling of grant recipients will be asked to provide a summary of their SCG project expenses followed by copies of selected invoices to verify that SCG Program funding was spent on eligible expenses.

Site Visits: As part of ongoing community development activities, Regional Development Advisors will visit a sampling of SCG recipients during the fiscal year.

Social Insurance Number and other documents: Prior to receiving funds, any individual representing an unincorporated group approved for funding is required to provide their SIN. number and verification documents as required by the ministry to demonstrate ability to contract with the province.

12. GLOSSARY

AGEISM: According to the World Health Organization, ageism refers to the negative stereotypes (how we think), prejudice (how we feel) and discrimination (how we act) towards others or oneself based on age.

AUDIT: Examination of a recipient's accounts, records or other evidence deemed necessary in the circumstances. An audit may be done to review the expenditures related

to a specific project, or the audit may concern the expenditures of an organization for the fiscal year.

COMMUNITY NAVIGATOR: A person or service that helps community members to explore local programs and services that are available in their area.

ELDER ABUSE: While there is no single accepted definition, elder abuse, or the abuse or mistreatment of older adults, is often defined as any act or omission that harms a senior or jeopardizes his or her health or welfare. The World Health Organization defines abuse of older adults as “a single or repeated act, or lack of appropriate action, occurring in any relationship where there is an expectation of trust that causes harm or distress to an older person.” It can take place in the home, in other residential settings, or in the community. It may include financial, physical, psychological and emotional, or sexual abuse, as well as neglect.

EVALUATION: The systematic collection and analysis of information on the performance of a policy, program, project or initiative to make judgements about relevance, progress or success and cost-effectiveness and/or to inform future programming decisions about design and implementation.

FINAL REPORT: The final report is to be submitted by the grant recipient within 30 days, or 1 month after the project is completed. The final report will provide information on both the project administration as well as the financial activity. It will provide details related to whether the project’s objectives were met, how the success of the project was measured, the level of community participation and response, and any other details required as outlined in the agreement. As part of the final report, all details of financial activity must be documented and reported, such as a financial statement summarizing all project costs, expenses and incomes (such as in-kind contributions). Details will be provided in the agreement.

GRANT: Transfer payment for a specified purpose for which obligations are outlined in program guidelines, the agreement, and program correspondence.

IN-KIND CONTRIBUTION: Donation to a project by an individual, business, or organization of materials, goods, services, or time that would otherwise have been paid for by the recipient. It involves non-cash asset transactions such as equipment, use of facilities, labour, and goods. An in-kind donation to a project must: (a) be essential to a project’s success; (b) represent an expense that would have otherwise been incurred and paid for by the recipient as part of the project; (c) be noted in the application, and documented in the recipient’s accounts; and (d) be reasonably estimated at fair value on the date it is made, using either market value or an appraisal.

INTERGENERATIONAL: Intergenerational activities are social engagements and interactions, bringing together younger and older generations for a common purpose. They build on the strengths that different generations have to offer, nurture understanding and mutual respect, and challenge ageism. Participation in intergenerational programs and meaningful cross-age relationships may decrease social isolation and increase older

adults' sense of belonging, self-esteem, and well-being, while also improving social and emotional skills of children and youth participants.

LOCAL SERVICES BOARD: A local services board is a volunteer organization that has the authority under the *Northern Services Boards Act* to deliver approved powers (services) to residents. These boards are set up in rural areas where there is no municipal structure to deliver services such as fire protection or library services. Area residents vote to determine a local services board's boundaries.

MANDATE: The mandate, or “organizational mandate”, defines the purpose or intention that the organization serves.

NOT-FOR-PROFIT ORGANIZATION: A not-for-profit organization is a club, society, or association that's organized and operated solely for social welfare, civic improvement, pleasure or recreation, or any other purpose except profit. These organizations must be incorporated and, for the purposes of the program, must provide proof of incorporation and not-for-profit status by producing a copy of the Articles of Incorporation or letters patent.

OLDER ADULTS: Individuals aged 55 and older.

OPERATIONAL EXPENSES: Costs incurred by an organization to support their ongoing day to day activities not specifically related to administration of the project. Operational expenditures are not eligible for funding under the program.

OUTCOMES: Changes that are the result of implementing the project. They are the effects or impact of the project that are considered significant. Outcomes must be measurable and may occur within organizations, communities, and/or individuals. They may relate to behaviour, skills, knowledge, attitudes, values, conditions, or other attributes. There is a direct relationship between outputs (i.e. quantitative results) and outcomes, but they are not the same thing. For example, an elder abuse education workshop might measure the number of attendees (output) while also measuring whether the workshop helped increase community awareness of elder abuse (outcome) by having the attendees answer survey questions asking about increased awareness.

PERFORMANCE MEASURES: Indicators that provide qualitative and/or quantitative information needed to measure the extent to which a project is achieving its intended outcomes. Qualitative data can be expressed in terms of change or comparison between two states, while quantitative indicators can be in the form of a ratio, percentage, comparison, or figure.

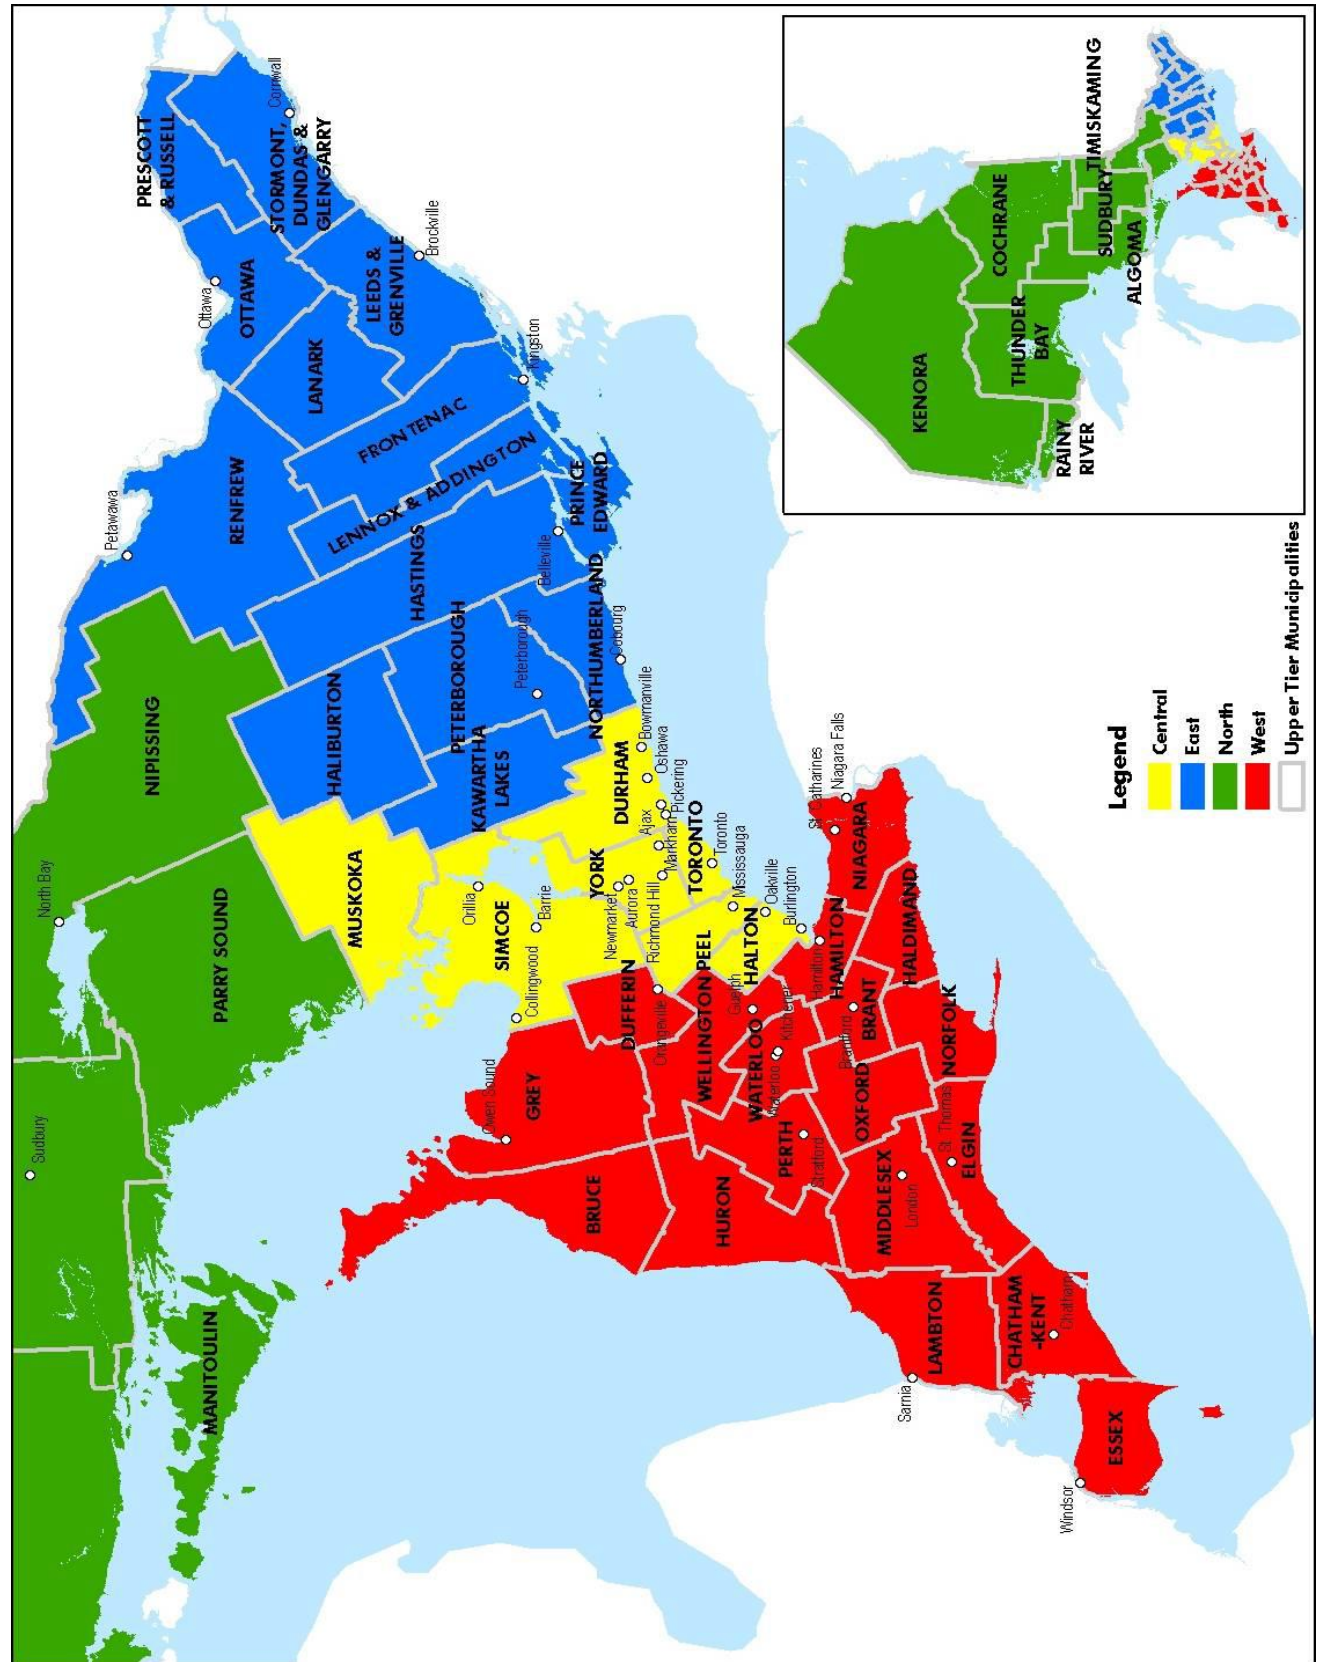

PROJECT: A set of activities or functions that a recipient proposes to undertake. A project has a clear start and end date, occurs within a reasonable period of time, and demonstrates measurable outputs and outcomes. For the purpose of the terms and conditions and the agreement with the Province, the project is that which is described by the applicant in the application form, unless the Province describes the project in the approval letter or in any subsequent correspondence, in which case the project is that which is described in the approval letter or the subsequent correspondence.

PROJECT SCOPE: The scope of the project identifies who will benefit from this project. The project should identify whether the results will benefit a small local group of older adults or seniors, a larger community of seniors (such as francophone seniors or seniors in rural Ontario), or if the project has a provincial scope, which means that the project will benefit all seniors living in Ontario.

SENIORS ACTIVE LIVING CENTRE (SALC): An organization that receives funding under the Seniors Active Living Centres Act (2017) to deliver social and recreational programs, as well as wellness, education and support services to older adults.

VOLUNTEER SERVICES: For donated services, applicants must calculate the value of donated labour using minimum wage rates, unless information from a reliable source included in the application demonstrates that the donated labour has a higher value than minimum wage (e.g. information from a professional association).
